(2) Economic inequality has no effect on society.
(3) This is the era of computerisation.

Q.6. (A) Read the following passage and answer the questions given below: **(6)[10]**

Sarva Shiksha Abhiyan (SSA) is a Government of India programme that makes education for children between ages 6-14 free and compulsory. This programme was pioneered by former Indian Prime Minister, Shri Atal Bihari Vajpayee in 1993-94. It became totally operational since 2000-2001. This programme made education a Fundamental Right.

Along with this, the Government of India also launched the National Programme of Nutritional support to Primary Education (NP-NSPE) on 15th August 1995. From here emerged the concept of free 'Midday Meal' for children going to schools which were managed by local bodies like Gram Panchayats and Municipal Corporations. The 'Midday Meal' is mandatory. It is

taken for granted that the children should be given good, nutritious food on a daily basis. A lot of organisation goes into the cooking and delivering these meals to the schools, on time.

Universal Education goes hand in hand with Nutrition. Children of the village and municipal schools look forward to this meal. For several of them it is perhaps the main meal of the day.

Questions:

(1) Do you think Primary Education should be made compulsory?

(2) What is the importance of 'Midday Meal' in Primary Education.

(B) Give your personal response (Any ONE): **(4)**

(1) Jainism and Buddhism provided hope to all people.

(2) Old Age Homes have positive and negative consequences.

Q.7. Answer any ONE of the following questions in detail in about 150-200 words: **[10]**

(1) Explain the problems of urban community. Suggest measures to solve them.

(2) Explain the causes of farmers' suicide. What are your suggestions to solve the problem?
